OUR SKIA INDUSTRIAL TEST KITCHEN HAS EVERYTHING YOU NEED

The journey from the initial product idea to full-scale industrial production can be a challenging road. It is not possible to get everything right first time, but you can make the path to success smoother.

Take advantage of our test kitchen, with its best-in-class equipment. It is perfect for small batches while still on an industrial scale.

We can assist you with

- Equipment recommendation & process flows
- Sourcing quality ingredients & recipes development
- Executing product trials & evaluating products
- Kitchen & staff support

Confidentiality and professionalism are guaranteed throughout the process. Benefit from services in the region instead of going overseas. The Rieckermann SKIA test kitchen is located at our office in Manila, Philippines.
